# Improving offline/online shopping experience

Main problem? - Design houses concept vs. – visualizing how the item will look and feel.

Our Goal? - Enable end users to virtually try on garments on matching personalized avatars.

What's missing? - Real-time, physically-accurate, high-quality, garment simulation system.

OptiTex
Next Generation 2D/3D CAD

From design to production
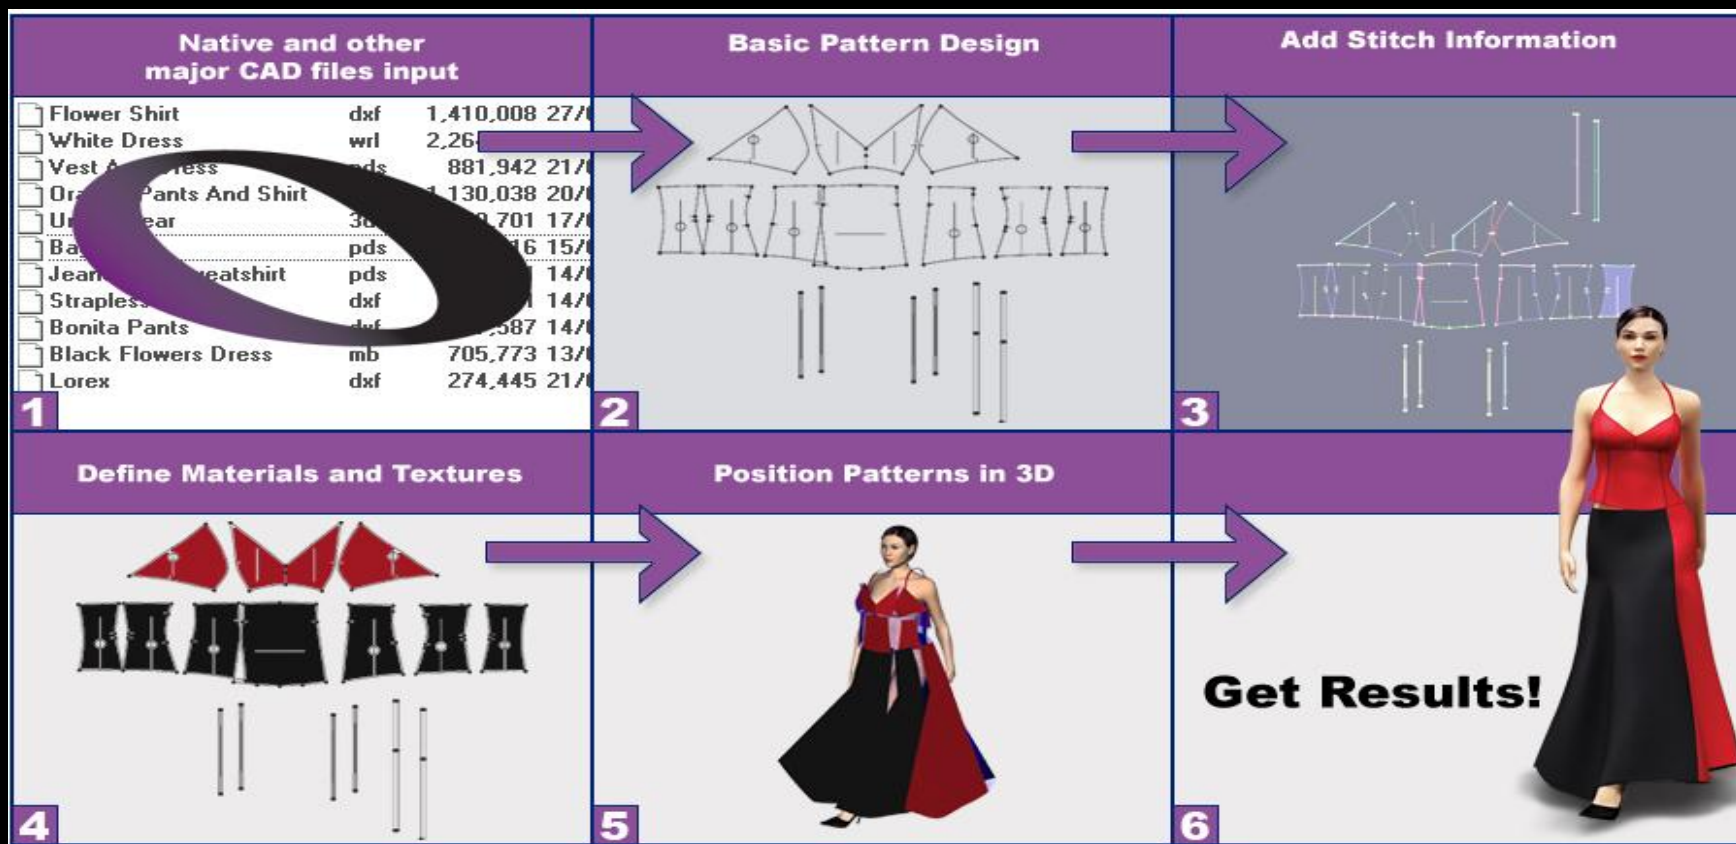

Our solutions

Software

	2D/3D CAD through 45 distributors worldwide
My Label	OEM – e.g. MyLabel
Johnson Controls	B2B - Strategic global customers
	B2C – Specific end-users

Services

|	
OptiTex Web Services	Nesting and conversion http://ws.optitex.com
OptiTex Web Services	3D Visualization 3DVirtualClothing.optitex.com
	Animation and other customized solutions
	Computer generated content creation

Next Generation 2D/3D CAD

OptiTex
Next Generation 2D/3D CAD
