Unbeatable Memory and Graphics Performance

The NVIDIA Quadro K6000 graphics card is the ultimate expression of NVIDIA’s expertise in professional graphics, empowering artists, designers, and engineers to realize their biggest visions. It combines 12 GB of memory, 2880 NVIDIA CUDA® parallel processing cores, accelerated double-precision computation, plus the ability to drive up to four ultra-high-resolution displays or projectors. This makes the Quadro K6000 the superior choice to bring your largest and most complex projects to life.

Designed and built specifically for professional workstations, NVIDIA Quadro GPUs power more than 200 professional applications across a broad range of industries including manufacturing, media and entertainment, sciences, and energy. Professionals trust them to realize their most ambitious visions—whether it’s product design, visualization and simulation, or spectacular visual storytelling—and get results to market faster.
