

GPU TECHNOLOGY CONFERENCE LOGO GUIDELINES

Use the provided templates for email blasts, web banners, and fliers whenever possible. On occasions where the NVISION 09 logo alone is needed, please use the provided Adobe Illustrator and jpeg files along with these guidelines.

COLORS

As a green version, match Pantone 376C (green).

For 4-color process printing use:
C=50, M=0, Y=100, K=0.

For on-screen use: R=118, G=185, B=0.

On occasions when color is not available, use the black version.

For all logo artwork inquiries, please contact:
