

## NVIDIA DRIVE DEVELOPER DAY AT GTC 2020

This exclusive NDA event for automotive developers will feature interactive sessions covering all aspects of the end-to-end AV computational pipeline, led by some of NVIDIA's core automotive architects and development engineers.

Attendees will hear updates on our key initiatives for autonomous driving including:

- DRIVE AGX Orin Based Platforms for AV Development and Deployment
- DRIVE AV & DRIVE IX AI Models Accessible in the Cloud
- DRIVE Transfer Learning and Federated Learning Tools to Accelerate Your AV Development
- DRIVE Hyperion Sensor Developer Platform
- DRIVE Mapping Platform
- DRIVE Sim & DRIVE Constellation
- NVIDIA Safety Force Field

Your company must have signed an NDA to attend this event. You must be registered for GTC to attend.

**When:**

Thursday, March 26, 2020

9:00am- 6:00pm

Breakfast and lunch will be served.

**Where:**

Hyatt Place San Jose/Downtown

282 Almaden Boulevard, San Jose, CA 95113

Salons 1, 2, & 3
